

## **Collateral Risk Network Legal Disclaimer for All Meetings**

The Collateral Risk Network, Inc. (CRN) associates seek to explore issues relating to our industry, to highlight matters arising in legislation and regulation, and to promote public awareness of collateral risk matters impacting housing finance.

In keeping with federal and state laws, the CRN associates do not discuss or promote actions in the Collateral Risk Network that relate to pricing of services for customer agreements, to reduce or increase prices, or to promote prohibited boycotts.

If anyone feels in a quarterly meeting, committee meeting, or general meeting that the discussion raises concerns about unified action related to pricing or other prohibited practices, you should request that the meeting suspend addressing that topic until you can seek guidance and legal advice.
